

Tender Number: T06/02/17
description: Supply of VMware Licences

Question and Answers Version 1

No.	Question	Type	Answer
1	The license codes for Option 1 and 2 are for version 5, Version 6 is the latest. Please confirm if you are requesting for the latest version of VMware vSphere or to remain on version 5.	Technical	Bidders are required to quote on the latest version of VMware vSphere.
2	Can we have the EA and contract number to quote on option 2?	Technical	EA: 114370137 Contracts: 41722818, 41722819, and 42566447 EA: 447648654 Contracts: 46973649
3	Please advise if there is a briefing session?	Admin	There is no briefing session for this tender.
4	VMware do not offer 2 years Support and Subscription on new licenses. We can only quote on 1,3,4 and 5 year options on the costing model. Which option is required by the IDC?	Technical	The IDC requires a 5-year option.
5	Is the IDC DR site at a separate physical location from the Production site? If yes, please supply DR Site Location details	Technical	The DR site is at a separate location from the Production site. Please note we cannot reveal the location of the DR site for security reasons.
6	vSphere 5 is no longer available for purchase as specified in the tender requirements. Only vSphere 6 is available for purchase, however the IDC has the option to downgrade to 5 if necessary after purchase. Will the IDC accept a quote on the former instead of the latter?	Technical	Bidders are required to quote on the latest version of VMware vSphere.
7	Can you please clarify for us this request. According to IDC database from VMWARE the numbers on qty do not match with what is in the RFP	Technical	The IDC is aware of the difference in quantities, the bidder must quote for what is in the RFP.
8	Is this request for renewal of the existing environment or new licenses?	Admin	There are two options that the bidders must quote for, Renewal and New.
