Tender description: Request for Proposal to Supply and Install Enterprise IT Securi

Question and Answers Version 1

| No. | Question | Type |
|-----|---|-----------|
| 1 | Please advise the name of the accreditation letter that is required from the OEM? | Technical |

ity Awareness Solution

Answer

There is no specific name for the accreditation letter. It will depend on the IT Security Awareness Solution the bidder is proposing. If the bidder is not an OEM of the proposed solution therefore the bidder must attach as part of the proposal proof from the OEM that the bidder is accredited to supply, implement and support the proposed IT security Awareness Solution.
