SECTION 1: GENERAL CONDITIONS OF BID
1. **Proprietary Information**

Industrial Development Corporation of SA Ltd (IDC) considers this Request for Proposal (RFP) and all related information, either written or verbal, which is provided to the respondent, to be proprietary to IDC. It shall be kept confidential by the respondent and its officers, employees, agents and representatives. The respondent shall not disclose, publish, or advertise this RFP or related information to any third party without the prior written consent of IDC.

2. **Enquiries**

2.1 All communication and attempts to solicit information of any kind relative to this RFP should be channelled **in writing** to:

<table>
<thead>
<tr>

<tr>
<td>Email address:</td>
<td><a href="mailto:luyandad@idc.co.za">luyandad@idc.co.za</a></td>
</tr>
</tbody>
</table>

2.2 Enquiries in relation to this RFP will not be entertained after **16h00 on 07 September 2020**.

2.3 The enquiries will be consolidated and IDC will issue one response and such response will be posted, within two days after the last day of enquiries, onto the IDC website (**www.idc.co.za**) under tenders i.e. next to the same RFP document.

2.4 The IDC may respond to any enquiry in its absolute discretion and the bidder acknowledges that it will have no claim against the IDC on the basis that its bid was disadvantaged by lack of information, or inability to resolve ambiguities.

3. **Bid Validity Period**

Responses to this RFP received from bidders will be valid for a period of 120 days counted from the bid closing date.

4. **Instructions on submission of Bids**

4.1 Bid responses must be submitted in electronic format only and must be e-mailed to the dedicated e-mail address as provided herein.

4.2 Bid responses should be in generally acceptable / standard electronic file format/s (i.e. Microsoft suite of products or pdf) to enable access thereto by the IDC for purposes of evaluating responses received. Where documents are presented in a format which cannot be accessed by the IDC through generally acceptable formats, such bid response will be disqualified.

4.3 The closing date for the submission of bids is **16 September 2020** not later than **11:00 AM (before midday)**. No late bids will be considered. Bids must **only** be sent to **tenders@idc.co.za**. Bids sent to any other email address other than the one specified herein will be disqualified and will not be considered for evaluation. It is the bidder’s responsibility to ensure that the bid is sent to the correct email address and that this is **received** by the IDC before the closing date and time in IDC’s dedicated tender e-mail inbox / address ( **tenders@idc.co.za** ).
4.4 Bidders are advised to submit / send its bid responses at least 15 minutes before the 11:00AM deadline to avoid any Information Technology (IT) network congestions or technical challenges in this regard which may result in bid responses being received late. IDC’s e-mail servers are configured to receive e-mails with sizes up to 50MB.

4.5 The IDC will not be held responsible for any of the following:

4.5.1 bid responses sent to the incorrect email address;
4.5.2 bid responses being inaccessible due to non-standard electronic file formats being utilised to submit responses by bidders;
4.5.3 any security breaches and unlawful interception of tender / bid responses by third parties outside the IDC’s IT network domain;
4.5.4 bid responses received late due to any IT network related congestions and/or technical challenges; and
4.5.5 bid responses with file size limits greater than IDC’s e-mail receipt capacity of 50MB.

4.6 Only responses received via the specified email address will be considered.

4.7 Where a complete (Inclusive of all Schedules) bid response is not received by the IDC in its electronic email tender box (tenders@idc.co.za) by the closing date and time, such a bid response will be regarded as incomplete and late. Such late and / or incomplete bid will be disqualified. It is the IDC’s policy not to consider late bids for tender evaluation.

4.8 Amended bids may be sent to the electronic tender box (tenders@idc.co.za) marked “Amendment to bid” and should be received by the IDC before the closing date and time of the bid.

5. Preparation of Bid Response

5.1 All the documentation submitted in response to this RFP must be in English.

5.2 The bidder is responsible for all the costs that it shall incur related to the preparation and submission of the bid document.

5.3 Bids submitted by bidders which are, or are comprised of companies must be signed by a person or persons duly authorised thereto by a resolution of the applicable Board of Directors, a copy of which Resolution, duly certified, must be submitted with the bid.

5.4 The bidder should check the numbers of the pages of its bid to satisfy itself that none are missing or duplicated. No liability will be accepted by IDC in regard to anything arising from the fact that pages of a bid are missing or duplicated.

5.5 Bidder’s tax affairs with SARS must be in order (tax compliant status) and bidders must provide written confirmation to this effect as part of their tender response.

6. Supplier Performance Management

Supplier Performance Management is viewed by the IDC as a critical component in ensuring value for money acquisition and good supplier relations between the IDC and all its suppliers.

The successful bidder shall upon receipt of written notification of an award, be required to conclude a Service Level Agreement (SLA) with the IDC, which will form an integral part of the supply agreement. The SLA will serve as a tool to measure, monitor and assess the
supplier performance and ensure effective delivery of service, quality and value-add to IDC’s business.

Successful bidders will be required to comply with the above condition, and also provide a scorecard on how their product / service offering is being measured to achieve the objectives of this condition.

7. **Enterprise and Supplier Development**

The IDC promotes enterprise development. In this regard, successful bidders may be required to mentor SMMEs and/ or Youth-Owned businesses. The implications of such arrangement will be subject to negotiations between the IDC and the successful bidder.
8. **IDC’s Rights**

8.1 The IDC is entitled to amend any bid condition, bid validity period, RFP specification, or extend the bid closing date, all before the bid closing date. All bidders, to whom the RFP documents have been issued and where the IDC have record of such bidders, may be advised in writing of such amendments in good time and any such changes will also be posted on the IDC’s website under the relevant tender information. All prospective bidders should therefore ensure that they visit the website regularly and before they submit their bid response to ensure that they are kept updated on any amendments in this regard.

8.2 The IDC reserves the right not to accept the lowest priced bid or any bid in part or in whole. It normally awards the contract to the bidder who proves to be fully capable of handling the contract and whose bid is functionally acceptable and/or financially advantageous to the IDC.

8.3 The IDC reserves the right to award this bid as a whole or in part.

8.4 The IDC reserves the right to conduct site visits at bidder’s corporate offices and / or at client sites if so required.

8.5 The IDC reserves the right to consider the guidelines and prescribed hourly remuneration rates for consultants as provided in the *National Treasury Instruction 01 of 2013/2014: Cost Containment Measures*, where relevant.

8.6 The IDC reserves the right to request all relevant information, agreements and other documents to verify information supplied in the bid response. The bidder hereby gives consent to the IDC to conduct background checks, including FICA verification, on the bidding entity and any of its directors / trustees / shareholders / members.

8.7 The IDC reserves the right, at its sole discretion, to appoint any number of vendors to be part of this panel of service providers.

8.8 The IDC reserves the right of final decision on the interpretation of its tender requirements and responses thereto.

9. **Undertakings by the Bidder**

9.1 By submitting a bid in response to the RFP, the bidder will be taken to offer to render all or any of the services described in the bid response submitted by it to the IDC on the terms and conditions and in accordance with the specifications stipulated in this RFP document.

9.2 The bidder shall prepare for a possible presentation should IDC require such and the bidder will be required to make such presentation within five (5) days from the date the bidder is notified of the presentation. Such presentation may include a practical demonstration of products or services as called for in this RFP.

9.3 The bidder agrees that the offer contained in its bid shall remain binding upon him/her and receptive for acceptance by the IDC during the bid validity period indicated in this RFP and its acceptance shall be subject to the terms and conditions contained in this RFP document read with the bid.

9.4 The bidder furthermore confirms that he/she has satisfied himself/herself as to the correctness and validity of his/her bid response; that the price(s) and rate(s) quoted cover all the work/item(s) specified in the bid response documents; and that the price(s) and rate(s) cover all his/her obligations under a resulting contract for the services
contemplated in this RFP; and that he/she accepts that any mistakes regarding price(s) and calculations will be at his/her risk.

9.5 The successful bidder accepts full responsibility for the proper execution and fulfilment of all obligations and conditions devolving on him/her under the supply agreement and SLA to be concluded with IDC, as the principal(s) liable for the due fulfilment of such contract.

9.6 The bidder accepts that all costs incurred in the preparation, presentation and demonstration of the solution offered by it shall be for the account of the bidder. All supporting documentation and manuals submitted with its bid will become IDC property unless otherwise stated by the bidder/s at the time of submission.

10. Reasons for disqualification

10.1 The IDC reserves the right to disqualify any bidder which does any one or more of the following, and such disqualification may take place without prior notice to the offending bidder, however the bidder will be notified in writing of such disqualification:

10.1.1 bidders who do not submit an original valid Tax Clearance Certificate and / or proof of application of such as endorsed by SARS on the closing date and time of the bid submission and / or failure to provide the IDC with its SARS issued Tax Verification PIN code giving access to the IDC to electronically verify tax compliance;

10.1.2 bidders who submit incomplete information and documentation according to the requirements of this RFP document;

10.1.3 bidders who submit information that is fraudulent, factually untrue or inaccurate information;

10.1.4 bidders who receive information not available to other potential bidders through fraudulent means;

10.1.5 bidders who do not comply with any of the mandatory requirements as stipulated in the RFP document;

10.1.6 bidders who fail to comply with FICA requirements

11. Local Production and Content

The IDC promotes Local Production and Content. In the case of designated sectors, only locally produced goods, services or works or locally manufactured goods, with a stipulated minimum threshold for local production and content will be considered. IDC reserves the right at its sole discretion to set minimum thresholds for sectors which may not have been declared as designated sectors by the dtic in an effort to stimulate local production and content where relevant.

Bidders are required to assess their product and /or service offering against the designated sector lists as published by the Department of Trade, Industry and Competition (the dtic) and to ensure full compliance to the minimum local content threshold, if relevant, before submitting its response to this tender. The dtic's latest list of designated sectors can be accessed on: http://www.dti.gov.za/industrial_development/ip.jsp.
12. **Response Format (Returnable Schedules)**

Bidders shall submit their bid responses in accordance with the response format specified below (each schedule must be clearly marked):

12.1 **Cover Page:** (the cover page must clearly indicate the RFP reference number, bid description and the bidder’s name)

12.2 **Schedule 1:**

12.2.1 Executive Summary (explaining how you understand the requirements of this RFP and the summary of your proposed solution)

12.2.2 Annexure 1 of this RFP document (duly completed and signed)

12.3 **Schedule 2**

12.3.1 Valid Tax Clearance Certificate(s) (TCC) and/or proof of application as endorsed by SARS and/or SARS issued tax verification pin code;

12.3.2 Originally certified copies of bidder’s CIPC company registration documents listing all members with percentages, in case of a CC.

12.3.3 Copy of Board Resolution, duly certified;

12.3.4 Originally certified copy of ID document for the Company Representative

12.3.5 Annexure 2 of this RFP document (duly completed and signed);

12.3.6 Annexure 3 of this RFP document (duly completed and signed);

12.3.7 Annexure 4 of this RFP document (duly completed and signed);

12.3.8 Annexure 5 of this RFP document (duly completed and signed);

12.3.9 Annexure 6 of this RFP document (duly completed and signed);

12.3.10 Response to Annexure 8: BEE Commitment Plan

12.3.11 Bidders must submit a B-BBEE verification certificate indicating the contribution level of the bidding entity. For Exempted Micro Enterprises (EME) with an annual revenue of less than R10 million and Qualifying Small Enterprises (QSE) with an annual revenue of between R10 million and R50 million per annum, a sworn affidavit confirming the annual total revenue and level of black ownership may be submitted. Any misrepresentation in terms of the declaration constitutes a criminal offence as set out in the B-BBEE Act as amended.

**Note:** If a bidder is a Consortium, Joint Venture or Prime Contractor with Subcontractor(s), the documents listed above must be submitted for each Consortium/JV member or Prime Contractor and Subcontractor(s).

12.3.12 Annexure 9 of this RFP document (duly completed and signed, if relevant);

12.3.13 Statement of Financial Position of the Bidder: Latest Audited Financial Statements (where applicable in terms of the Company’s Act) and/or independently reviewed financial statements and/or Cashflow Budget for new entities with no financial records.

12.3.14 Copy of Joint Venture/Consortium/Subcontracting Agreement duly signed by all parties (if applicable)
12.4 **Schedule 3:**

12.4.1 Response to Section 3 of this document, in line with the format indicated in this RFP document.

12.4.2 Annexure 7 of this RFP document, duly completed and signed

12.5 **Schedule 4:** Price Proposal (response to Section 4 of this RFP document) *(Must be submitted as a separate file/document marked Schedule 4: Price Proposal)*
13. Evaluation Criteria and Weightings

Bids shall be evaluated in terms of the following process:

13.1 Phase 1: Initial Screening Process: During this phase, bid responses will be reviewed for purposes of assessing compliance with RFP requirements including the general bid conditions and also the Specific Conditions of Bid, which requirements include the following:

- Submission of a valid Tax Clearance Certificate as referenced in 12.3.1 above
- Submission of Company Registration Forms as referenced 12.3.2 above
- Submission of ID copy for the Company Representative as referenced in 12.3.4 above
- BEE Status Certification as referenced in 12.3.12 above and the consideration of the Specific Bid Conditions as referenced in Section 2
- Completion of all Standard Bidding Documents and other requirements, as reflected in this RFP, which covers the following:
  - Section 3: Statement of compliance with the Functional Evaluation Criteria for this RFP
  - Section 4: Cost Proposal and Price Declaration Form
  - Annexure 1: Acceptance of Bid Conditions
  - Annexure 2: Tax Compliance Requirements
  - Annexure 3: Supply Chain Management Questionnaire
  - Annexure 4: Declaration of Interest
  - Annexure 5: Certificate of Independent Bid Determination
  - Annexure 6: Shareholders’ Information/ Group Structure
  - Annexure 7: Bidders Experience & Project Team
  - Annexure 8: BEE Commitment Plan
  - Annexure 9: Disclosure Statement
  - Annexure 10: Local Content Declaration (If Relevant)

Failure to comply with the requirements assessed in Phase 1 (compliance), may lead to disqualification of bids.

13.2 Phase 2: Technical/ Functionality Evaluation

Bid responses will be evaluated in accordance with the Functional criteria as follows:
13.2.1 Other Functional/Technical Requirements

With regard to the other Functional Requirements, the following criteria (set out in more detail in section 2 of this RFP document) and the associated weightings will be applicable:

<table>

14. Promotion of Emerging Black owned Service Providers

It is the IDC’s objective to promote transformation across all industries and/ or sectors of the South African economy and as such, bidders are encouraged to partner with a black owned entity (being 50%+1 black owned and controlled). Such partnership may include the formation of a Joint Venture and/ or subcontracting agreement etc., where a portion of the work under this tender would be undertaken by black owned entities. To give effect to this requirement, bidders are required to submit a partnership / subcontracting proposal detailing the portion of work to be outsourced, level of involvement of the black owned partner and where relevant, submit a consolidated B-BBEE scorecard in-line with the provisions of the PPPFA Regulations which will be considered as part of the B-BBEE scoring listed in 13.3.
SECTION 2: FUNCTIONAL REQUIREMENTS SPECIFICATION
SECTION 2: FUNCTIONAL REQUIREMENTS SPECIFICATION

1. Special instructions to bidders

1.1 Should a bidder have reason to believe that the Functional Requirements are not open/fair and/or are written for a particular service provider; the bidder must notify IDC Procurement within five (5) days after publication of the RFP.

1.2 Bidders shall provide full and accurate answers to the questions posed in this RFP document, and, where required explicitly state either “Comply/Not Comply” regarding compliance with the requirements. Bidders must substantiate their response to all questions, including full details on how their proposal/solution will address specific functional/technical requirements; failure to substantiate may lead to the bidder being disqualified. All documents as indicated must be supplied as part of the bid response.

1.3 Failure to comply with Mandatory Requirements may lead to the bidder being disqualified.

2. Purpose

The IDC administers the Industrial Policy Support Fund (IPSF) on behalf of the Department of Trade, Industry and Competition ("the dtic"). This tender is therefore facilitated by the IDC on behalf of the dtic.

The purpose of the tender is to appoint a service provider to perform the necessary research and to develop an Implementation Framework and a User Requirement Specification for a business solution to provide standardisation of product descriptions and codes, traceability and visibility in the South African Mining Supply Chain (MSC)¹. The business solution will be utilised by the mining industry to ensure compliance with the Broad Based Socio Economic Empowerment Charter for the Mining and Minerals Industry of 2018 (the Mining Charter 2018). The system will result in upgrading and transforming the mining supply chain through digitising and re-engineering of business processes aimed at seeking efficiencies.

The project will require an in-depth understanding of the current procurement practices, and identify how to improve processes that will enable the accurate recording of procurement transactions on a common platform that will quantify the movement of goods and services along the supply chain, in real-time.

The appointed service provider will support and assist the work programme of the (established) Working Group and will ensure that the Implementation Framework and User Requirement Specification includes adherence of mining procurement functions to the government’s policies and regulations with respect to industrialisation opportunities.

3. Background Information

The South African mining and minerals sector has been a pillar of the South African economy since the discovery of Witwatersrand Goldfields in 1886. The sector has been the backbone upon which much of the country’s economic infrastructure network and the secondary sector was developed. The mining industry continues to play a key role in contributing to the GDP and assists government in alleviating the triple challenge of poverty,

¹ This will be done through an engagement with all stakeholders in the mining and supplier industry (Government, Mining industry, local and foreign OEM)
inequity and unemployment. Mining contributed R350.9 billion or 8.1% to gross domestic product in 2018.

Over the past decade, the South African mining sector has stagnated. In real terms, the sector’s value added (GDP) declined by 5.4% between 2007 and 2018. That decline is reflected in the job numbers, considering that mining employment fell from a peak of 518 000 in 2008 to 455 433 in 2018. South African Mining industry dropped from 1st to 8th place in global gold production, illustrating how weak and sluggish South African mining has become, affecting the entire ecosystem.

The South African mining capital goods industry was developed to supply the South African mining and mineral processing industry. The decline or shrinking of the mining industry has a direct impact in the South African mining capital goods industry. This has also had a devastating effect on the government’s efforts of alleviating poverty, inequity and unemployment. Approximately 80 000 jobs have been lost in this sector since 2010.

The devastating decline of the South African mining industry triggered a collaboration between government, business and labour in the form of the Mining Phakisa in 2015. The aim was to ensure growth, transformation, investment and employment creation across the entire value chain in the mining sector.

Research completed in 2018 illustrated a number of concerning findings. One of those findings is that the Mining Phakisa process emphasised that the supply chain maturity of the mining industry is extraordinarily low, whilst its capabilities remain relatively rudimentary. This is evident by the absence of product classification standards across the industry making it difficult to aggregate the expenditure and volumes on products and services required to build a mining cluster that would seek to expand and evolve into a globally competitive manufacturing sector in South Africa.

Phase one (1) of the research the dtic undertook revealed that the supply chain maturity of the mining industry is extraordinarily low, whilst its capabilities remain relatively rudimentary. For example companies have no systematic way of establishing/recording what is being procured, from where it is procured and if prices they are paying are market related. This coupled with a decentralized procurement function affords mine managers/engineers the autonomy to make these decisions outside a prescribed framework. The result is that in most companies the bulk of procurement activities are deviations which makes supply chain planning and development near impossible.

4. Problem Statement

Mining companies lack a standardised approach or system to procure goods and services across the sector. The same item is classified differently across shafts in the same company, and across different companies, resulting in no systematic way of accurately identifying what is being procured, from which company and if at market related prices. This coupled with a decentralized procurement function affords mine managers/engineers the autonomy to make these decisions outside a prescribed framework.

After analysing the detail procurement transactions of four major mines in the gold and platinum sector, the major finding was the prevalence of “unidentified” or “free-text” spend which accounted for 40% of all transactions that represented more than 65% of the total value. The prevalence of “unidentified” or “free-text” in the mining sector procurement transactions indicates that the supply chain maturity is strikingly low, and secondly it is impossible or difficult to identify and group products that can be identified as localisation opportunities.
5. Objectives

The key objective of this body of work is two-fold in the sense that it requires an Implementation Framework and a User Requirement Specification that would include both:

1. a system that would enable a standardised product identification coding which the mining industry will use in order to comply with the Mining Charter 2018; and

2. the capturing of data by the mining supply industry that would support of industrialisation and localisation opportunities to meet the goals set out in the government’s economic development plans, and inform the dtic’s industrial policy direction (Masterplan) to support the growth of the mining equipment manufacturing sector.

The study needs to include the following considerations and address them in the development of the Implementation Framework and User Requirement Specification:

(a) Identification, evaluation and selection of a product standard product classification system best suited to address the requirements of the mining industry;
(b) Develop and implement a Communication Plan to inform stakeholders of the project progress, their obligations in terms of specific directives/guidelines applicable to them that will be informed by the project outputs, including a feedback mechanism to process enquiries back to the Working Group;
(c) Map the mining supply value chain and identify drivers and constraints to supply and demand and product flows;
(d) Analyse constraints and potential remedial options;
(e) Develop a virtually integrated value chain model based on (1) standardization, technology enablement, (2) local content verification, (3) supply and demand coordination, (4) policy monitoring, (5) information sharing, and any other critical elements;
(f) Mutual agreement on and adoption of a commercial approach to enterprise level support (consultancy & support services, process automation, service level agreements) and value chain level support;
(g) Identify a pilot group of localised supply chains;
(h) Develop virtually integrated supply chain programmes with a supporting virtually integrated supply chain model that includes local content verification and institutional structure;
(i) Develop supporting technology solutions at value chain/supply chain level and at enterprise level;
(j) Roll-out from pilot environments to the rest of the industry;
(k) Develop standardised training intervention structure and curriculum;
(l) Develop and implement a measurable Change Management Strategy with all stakeholders that have a direct interest in this initiative Integration of Mining 4.0 and emphasis on strong alignment with digital and people centric technology transformation in the digitisation of the mining supply chain; and
(m) Seek and make application to secure funding to design and build a ‘shared services platform’ to track all procurement activities along the mining supply chain, in Phase 2 of this initiative.
This must be supported by the following:

1. Reporting and providing direction to the already established mining supply chain Working Group that will provide strategic guidance and oversight;
2. Bi-monthly Working Group progress meetings with a secretariat function;
3. Workshops to be determined with all stakeholders;
4. Media coverage and Op-eds on project outcomes to illicit interest and awareness within the sector to support the Communication Plan; and
5. Adoption of a formal ‘COMPACT’ between the participating manufacturers and the mining companies committing to this long term initiative (at an executive level).

6. Methodology

The service provider is expected to outline the proposed methodology that will be used to conduct the work-study. The proposed methodology must be in accordance with generally accepted practices of research inclusive of primary and secondary data collection; data analysis; best practice; intensive stakeholder engagement; policy/strategy development and a set of interventions arising from the research and interactions which are ordered according to relative importance and time bound. Stakeholder engagement through interviews, workshops, seminars, surveys and meetings with relevant stakeholders will form an integral part of the work.

7. Scope of Work

A substantial volume of research analysis was performed in order to reach the conclusion that a total overhaul of the supply chain and its inefficient practices are required. The purpose of the dtic’s involvement in the mining supply chain is to implement its policy on local sourcing and the opportunity to drive local content across the industry. In order to address the low level of maturity in the mining supply chain, standardised product identification, classification and categorisation are key prerequisites to be used in mining operations to enable meaningful reporting and analysis, crucial to policy making.

The adoption of agreed standards will be crucial to the proposed upgrade of the supply chain and a number of different standards will need to be considered, evaluated, adopted and enforced to ensure the integrity and sustainability of a more efficient system. The upgrading will require that all stakeholders contribute and commit to institutionalising a systemic approach to product identification and visibility throughout the value chain.

The project will aim to implement best practice procurement cost saving processes by assessing the current systems and providing a complex and comprehensive business solution that is beneficial to all stakeholders. It will require the integration, enhancement and optimisation of multiple supply chains in order to be successful. The adoption towards electronic data exchange by all users will be a necessity in order to receive the full benefit of Industry 4.0 standards.

A strong stakeholder engagement will be required to ensure success of the project, in conjunction with expert guidance and validation. The determined outputs should be premised on existing work, policies, and learnings from successful implementation in other sectors. The work should focus on a comprehensive project plan that will inform an optimisation process resulting in a globally competitive mining supply chain in the next five years.
The output will be a detailed implementation plan that will inform government and industry on how to upgrade the mining supply chain, position papers to assist with policy formulation, identification of industrial policy interventions and the alignment of financing institutions to support initiatives that will develop the mining supply chain-manufacturing sector in South Africa. The report will take the shape of an integrated value chain model, underpinned by commercial imperatives, a detailed implementation plan supported by bi-monthly reporting.

8. Deliverables

The deliverables can be done in one of two ways 1) paragraph format or 2) table format as indicated below.

The important thing is that the division / unit clearly stipulate what results they expect from this exercise. What must the outcome be i.e. a report on the pros and cons of a newly proposed policy OR the delivery of a system with manuals and maintenance for two (2) years OR twenty (20) employees trained on leadership, with certificates. etc.

Table Format: The below mentioned deliverables must be read and understood in conjunction with the scope of work in par. 6 supra.

| Phase 4 | Final Report | Solution integration and testing  
The final report must present the simulated results of the proposed business solution inclusive of recommendations, actions to undertake, expected outcomes of these actions, and impact on competitive sustainability of the mining and mining supply industry, the proposed commercial approach and its operational support structures. The final report must be preceded by a workshop with the dtic and key stakeholders and incorporate any agreed amendments and/or additions. | At month 14 |

The section will include milestones, deliverables and timelines. It should be requested from the service provider in this section that the following should be submitted:

- Work plan;
- An inception report which will be presented to the dtic team and identified stakeholders;
- Monthly/ bimonthly or quarterly progress reports;
- Comprehensive final report with recommendations;
- Interim report;
- Draft final report;
- A workshop to present final results to the dtic and key stakeholders; and
- Final report: recommendations, action to undertake, and expected outcomes, impacts and sustainability.

**Submission of the final report**

The report should be submitted in the following format:

- Final report with notes of the methodology used;
- Executive summary in Word;
- PowerPoint presentation of the report;
- Four (4) hard copies of the final report (number of copies may vary); and
- Three (3) copies of a flash disc version of the Executive Summary and final report (number of copies may vary).
9. **Skills Transfer Plan**

As part of this tender, the service provider is required to provide skills-transfer to build the **dtic** human resource capacity. As a minimum, this should involve providing research training for nominated staff member(s) of the **dtic**.

The **dtic** will closely monitor the implementation and progress of skills transfer to the **dtic** employees. This is to adhere to the circular “Findings of the Auditor-General’s report on the use of consultants at selected National Departments” issued by the Department of Public Service and Administration (DPSA). It is stated in the circular that “contracts for the use of consultants should be tied to training and transfer of skills from consultants to departmental staff and that this provision should be optimally applied and monitored.”

The service provider is required to outline the skills transfer plan as part of this proposal.

The **dtic** will nominate the employee(s) to receive skills-transfer, and to attend major engagements with stakeholders.
10. Technical Evaluation Criteria

10.1 Technical Requirements

The bidder must indicate its compliance / non-compliance to the requirements and should substantiate its response in the space provided below. If more space is required to justify compliance, please ensure that the substantiation is clearly cross-referenced to the relevant requirement.

</table>

The bidder must demonstrate thorough understanding of the objectives and deliverables of this project.

The bidder must provide a detailed proposal of the methodology/approach to be used to carry out the scope of work outlined above and clearly demonstrating how the study objectives and deliverables will be achieved. The proposed methodology and approach must be in line with the requirements stipulated in the terms of reference. The proposal must outline, amongst other things, the following:

- Step-by-step explanation of the proposed process to reach the end result of this requirement;
- Reasons for why a particular methodology was chosen by highlighting the pros and cons of the chosen methodology;
- Risks and mitigating factors associated with the proposed methodology;
- Appropriate research techniques or approaches based on the need to involve and achieve the highest participation rate possible of individual companies'/industry associations into the process;
- A list of stakeholders, which will be engaged in the process;
- Effective stakeholder facilitation and engagement model and mitigation controls in the event of stakeholder engagement breakdowns or challenges.

It is required that bidders clearly articulate each of the above listed points in their response to this criterion.

### 10.1.3 QUALIFICATIONS AND SKILLS OF THE PROPOSED TEAM

<table>
<thead>
<tr>
<th>Comply</th>
<th>Partially Comply</th>
<th>Not Comply</th>
</tr>
</thead>
</table>

The proposed team members are required to have a clear understanding of the dtic’s objectives on Industrial Development.

The team members are required to have a minimum of ten (10) years relevant experience in their respective areas of competence. Within the team there needs to be a good understanding of working in the following areas:

- Mining procurement strategies;
- Social and environmental impact of mining;
- Development and management of national transaction platforms;
- Modelling and simulation (economic and system dynamics);
- Development of virtually integrated supply chains;
- Identity management;
- Value chain traceability and operations visibility;
- Value chain efficiency improvements;
- Stakeholder mobilization and management;
- Digital business solutions design, development and implementation; and
- Policy and regulation as applied to the mining sector.

The aforementioned experience should be proven by the provision of a minimum of three (3) similar previous projects/references in related industries. The references should detail the type of projects, the period of the projects, the magnitude of the projects, the role of the project team member and the result of the projects.

All team members must have a relevant bachelor’s degree (Masters and above) and/or specialized training to support their area of expertise. **At least one team member must poses a Masters in Economics**

The bidders must submit, as part of its proposal, the following:

- CVs of team members; and the CVs must clearly highlight qualifications, areas of experience/competence relevant to the tasks and objectives of this project as outlined above.
- Case studies detailing the type of projects, the period of the projects, the magnitude of the projects and the result of the projects.
- Please refer to Table (b) of Annexure 7 of this document for the format in which the required information must be provided.

As part of their submission, the bidder is required to provide a skills-transfer plan to build the dtic human resource capacity. As a minimum, this should involve providing research training for two (2) nominated staff member(s) of the dtic at an entry level.

The service provider is required to outline a detailed skills transfer plan as part of this proposal which will include, amongst others, the following:

- An actual plan of how skills will be transferred and associated timelines;
- Indication of the stages during the work where the dtic officials will be involved; and
- Indication of the skills which they will acquire therefrom.

The dtic will closely monitor the implementation and progress of skills transfer to the dtic employees. This is to adhere to the circular “Findings of the Auditor-General’s report on the use of consultants at selected National Departments” issued by the Department of Public Service and Administration (DPSA). It is stated in the circular that “contracts for the use of consultants should be tied to training and transfer of skills from consultants to departmental staff and that this provision should be optimally applied and monitored.”

Notes: Disbursements (incidental expenses other than professional fees e.g. travel and accommodation, printing costs, venue hire, and equipment hire etc.) must be clearly defined, outlining all assumptions. It is of utmost importance to submit clear and comprehensive cost proposals to allow the IDC to fairly compare bid price / cost proposals. If there is no additional fee envisaged for Disbursements, then the bidder must clearly indicate “No Charge / Free of Charge”. Failure to clearly indicate this, would result in IDC penalising your bid response by taking the cost of the highest bidder and adding 50% thereto and apply this rate for purposes of price comparisons. Bidders are therefore requested to respond clearly and comprehensively on this aspect of their bid response.

The bidder must provide a detailed breakdown of the Disbursements as follows:

Dear Sir,

Having read through and examined the Request for Proposal (RFP) Document, RFP no. T24/08/20, the General Conditions, and all other Annexures to the RFP Document, we offer to develop a South African Mining Supply Chain (MSC) products identification and traceability system as specified in Section 2 of this RFP document.

R................................................................................................................................. (Excluding VAT)

In words

R................................................................................................................................. (Excluding VAT)

We confirm that this price covers all activities associated with the service, as called for in the RFP document. We confirm that IDC will incur no additional costs whatsoever, other than in respect of VAT, over and above this amount in connection with the provision of this service.

We undertake to hold this offer open for acceptance for a period of 120 days from the date of submission of offers. We further undertake that upon final acceptance of our offer, we will commence with the provision of the required service when required to do so by the IDC.

We understand that you are not bound to accept the lowest or any offer, and that we must bear all costs which we have incurred in connection with preparing and submitting this bid.

We hereby undertake for the period during which this bid remains open for acceptance, not to divulge to any persons, other than the persons to whom the bid is submitted, any information relating to the submission of this bid or the details therein except where such is necessary for the submission of this bid.

# Annexure 2: Tax Compliance Requirements

## 1. Tax Compliance Requirements

1. **Bidders must ensure compliance with their tax obligations.**
2. **Bidders are required to submit their unique personal identification number (PIN) issued by SARS to enable the organ of state to view the taxpayer’s profile and tax status.**
3. **Application for tax compliance status (TCS) or PIN may also be made via e-filing. In order to use this provision, taxpayers will need to register with SARS as e-filers through the website www.sars.gov.za.**
4. **Bidders may also submit a printed TCS together with the bid.**
5. **In bids where consortia / joint ventures / sub-contractors are involved, each party must submit a separate proof of TCS / PIN / CSD number.**
6. **Where no TCS is available but the bidder is registered on the Central Supplier Database (CSD), a CSD number must be provided.**

## 2. Questionnaire to Bidding Foreign Suppliers

2.1 **Is the bidder a resident of the Republic of South Africa (RSA)?**  
   - □ Yes  □ No
2.2 **Does the bidder have a branch in the RSA?**  
   - □ Yes  □ No
2.3 **Does the bidder have a permanent establishment in the RSA?**  
   - □ Yes  □ No
2.4 **Does the bidder have any source of income in the RSA?**  
   - □ Yes  □ No

If the answer is “No” to all of the above, then, it is not a requirement to obtain a tax compliance status / tax compliance system PIN code from the South African Revenue Service (SARS) and if not register as per 1.3 above.

1. **DECLARATION**

I, THE UNDERSIGNED (NAME)………………………………………………………………………………………………………………

CERTIFY THAT THE INFORMATION FURNISHED IN PARAGRAPHS 2 and 3 ABOVE IS CORRECT. I ACCEPT THAT IDC MAY REJECT THE BID OR ACT AGAINST ME SHOULD THIS DECLARATION PROVE TO BE FALSE.

Position                                   Name of bidder
Annexure 5: Certificate of Independent Bid Determination

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids\(^2\) invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).\(^3\) Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.

   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

---

\(^2\) Includes price quotations, advertised competitive bids, limited bids and proposals.

\(^3\) Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

________________________________________________________________________

(Bid Number and Description)

in response to the invitation for the bid made by:

______________________________________________________________________________

(Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of:_______________________________________________________that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word “competitor” shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

   (a) has been requested to submit a bid in response to this bid invitation;
   (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
   (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder;

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium4 will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:

   (a) prices;

4 Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.
(b) geographical area where product or service will be rendered (market allocation)
(c) methods, factors or formulas used to calculate prices;
(d) the intention or decision to submit or not to submit, a bid;
(e) the submission of a bid which does not meet the specifications and conditions of the bid; or
(f) bidding with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

Annexure 8: BEE Commitment Plan

The IDC encourages existing vendors and prospective bidders to support the objectives of B-BBEE and as far as possible strive to improve their B-BBEE contribution status. For bid evaluation purposes, bidders are allocated points in terms of a preference point system based on the B-BBEE Contribution Level status that is in accordance with a valid B-BBEE certificate.

Bidders are therefore required to submit a B-BBEE improvement plan in view of the new B-BBEE Codes of Good Practice. Bidders must indicate the extent to which their ownership, management control, employment equity, preferential procurement and enterprise development will be maintained or improved over the contract period in the event that they are successful in this bid process.
Annexure 9: Disclosure Statement

Disclosure Statement

In terms of the tender condition 8.6, which allows the IDC to conduct background checks on bidders and its shareholders and directors, the IDC hereby requires bidders to provide the following additional information:

9.1 The IDC considers the integrity of its appointed service providers to be of critical importance. The IDC reserves the right to disqualify from further consideration, any bidder whose integrity, based on past conduct (during the 5 years immediately preceding the bid submission date), it considers questionable.

9.2 To this end, the IDC requires each bidder to include in its bid, a disclosure statement which details the following (with sufficient information and supporting documentation for the IDC to make its own assessment as to the materiality or seriousness of allegations regarding the bidder’s integrity or conduct):

9.2.1 any criminal charges made against the bidder or any of its directors, shareholders or management officials regarding their professional conduct;

9.2.2 any civil proceedings initiated against the bidder or any of its directors, shareholders or management officials regarding their professional conduct; and

9.2.3 any other enquiry or similar proceedings initiated or threatened against the bidder or any of its directors, shareholders or management officials regarding their professional conduct.

9.3 Where the bidder is a consortium, the disclosure statement referred to in paragraph 9.2 above must be made separately in respect of each consortium partner.

9.4 In the event that the bidder’s circumstances change, after submission of its bid, in regard to any matter referred to in paragraph 9.2 above or in regard to any matter referred to in its disclosure statement, the bidder must submit a written notification to IDC indicating the nature and extent of such changed circumstances.

9.5 The IDC reserves the right to seek such additional information from any bidder, in respect of the disclosure statement referred to in paragraph 9.2 above, as it may, in its sole discretion, determine, whether such information has been requested under this RFP or otherwise, and may require the bidder to make oral presentations for clarification purposes or to present supplementary information, in respect of the disclosure statement if so required by the IDC.

9.6 Based on its own assessment of the contents of the bidder’s disclosure statement and any publicly available information which is relevant to the contents of such disclosure statement, the IDC will decide whether the bidder’s conduct or any allegations relating thereto pose a risk, reputational or otherwise, to the IDC; and if it reaches an adverse conclusion the IDC will in its sole discretion have the right to disqualify a bidder from further participation in the tender process. Disqualification on this ground may be done at any stage in the bid evaluation process prior to contract award.
Annexure 10: Local Content Declaration (If Relevant)

This Standard Bidding Document (SBD) must form part of all bids invited. It contains general information and serves as a declaration form for local content (local production and local content are used interchangeably).

Before completing this declaration, bidders must study the General Conditions, Definitions, Directives applicable in respect of Local Content as prescribed in the Preferential Procurement Regulations, 2017, the South African Bureau of Standards (SABS) approved technical specification number SATS 1286:2011 (Edition 1) and the Guidance on the Calculation of Local Content together with the Local Content Declaration Templates [Annex C (Local Content Declaration: Summary Schedule), D (Imported Content Declaration: Supporting Schedule to Annex C) and E (Local Content Declaration: Supporting Schedule to Annex C)].

2. General Conditions

2.1. Preferential Procurement Regulations, 2017 (Regulation 8) make provision for the promotion of local production and content.

2.2. Regulation 8(2) prescribes that in the case of designated sectors, organs of state must advertise such tenders with the specific bidding condition that only locally produced or manufactured goods, with a stipulated minimum threshold for local production and content will be considered.

2.3. Where necessary, for tenders referred to in paragraph 1.2 above, a two stage bidding process may be followed, where the first stage involves a minimum threshold for local production and content and the second stage price and B-BBEE.

2.4. A person awarded a contract in relation to a designated sector, may not sub-contract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.

2.5. The local content (LC) expressed as a percentage of the bid price must be calculated in accordance with the SABS approved technical specification number SATS 1286: 2011 as follows:

\[ LC = (1 - \frac{x}{y}) \times 100 \]

Where

x is the imported content in Rand
y is the bid price in Rand excluding value added tax (VAT)
Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by South African Reserve Bank (SARB) on the date of advertisement of the bid as indicated in paragraph 3.1 below.

2.6. A bid may be disqualified if this Declaration Certificate and the Annex C (Local Content Declaration: Summary Schedule) are not submitted as part of the bid documentation;

3. The stipulated minimum threshold(s) for local production and content (refer to Annex A of SATS 1286:2011) for this bid is/are as follows:

<table>
<thead>
<tr>
<th>Description of services, works or goods</th>
<th>Stipulated minimum threshold</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>___________________________</td>
</tr>
</tbody>
</table>

3. Does any portion of the goods or services offered have any imported content?

(Tick applicable box)

| YES | NO |

3.1 If yes, the rate(s) of exchange to be used in this bid to calculate the local content as prescribed in paragraph 1.5 of the general conditions must be the rate(s) published by SARB for the specific currency on the date of advertisement of the bid.

The relevant rates of exchange information is accessible on www.resbank.co.za

Indicate the rate(s) of exchange against the appropriate currency in the table below (refer to Annex A of SATS 1286:2011):

<table>
<thead>
<tr>
<th>Currency</th>
<th>Rates of exchange</th>
</tr>
</thead>
<tbody>
<tr>
<td>US Dollar</td>
<td></td>
</tr>
<tr>
<td>Pound Sterling</td>
<td></td>
</tr>
<tr>
<td>Euro</td>
<td></td>
</tr>
<tr>
<td>Yen</td>
<td></td>
</tr>
<tr>
<td>Other</td>
<td></td>
</tr>
</tbody>
</table>

NB: Bidders must submit proof of the SARB rate(s) of exchange used.

4. Where, after the award of a bid, challenges are experienced in meeting the stipulated minimum threshold for local content the dtic must be informed accordingly in order for the dtic to verify and in consultation with the AO/AA provide directives in this regard.
LOCAL CONTENT DECLARATION
(REFER TO ANNEX B OF SATS 1286:2011)

LOCAL CONTENT DECLARATION BY CHIEF FINANCIAL OFFICER OR OTHER LEGALLY RESPONSIBLE PERSON NOMINATED IN WRITING BY THE CHIEF EXECUTIVE OR SENIOR MEMBER/PERSON WITH MANAGEMENT RESPONSIBILITY (CLOSE CORPORATION, PARTNERSHIP OR INDIVIDUAL)

IN RESPECT OF BID NO. .............................................................................................................

ISSUED BY: IDC

NB

1 The obligation to complete, duly sign and submit this declaration cannot be transferred to an external authorized representative, auditor or any other third party acting on behalf of the bidder.

2 Guidance on the Calculation of Local Content together with Local Content Declaration Templates (Annex C, D and E) is accessible on http://www.thedti.gov.za/industrial_development/ip.jsp. Bidders should first complete Declaration D. After completing Declaration D, bidders should complete Declaration E and then consolidate the information on Declaration C. Declaration C should be submitted with the bid documentation at the closing date and time of the bid in order to substantiate the declaration made in paragraph (c) below. Declarations D and E should be kept by the bidders for verification purposes for a period of at least 5 years. The successful bidder is required to continuously update Declarations C, D and E with the actual values for the duration of the contract.

I, the undersigned, ……………………………………………………………………………………….. (full names),
do hereby declare, in my capacity as ……………………………………… ………..
of ………………………………………………………………………………………………………..(name of bidder entity), the following:

(a) The facts contained herein are within my own personal knowledge.

(b) I have satisfied myself that:

   (i) the goods/services/works to be delivered in terms of the above-specified bid comply with the minimum local content requirements as specified in the bid, and as measured in terms of SATS 1286:2011; and

(c) The local content percentage (%) indicated below has been calculated using the formula given in clause 3 of SATS 1286:2011, the rates of exchange indicated in paragraph 3.1 above and the information contained in Declaration D and E which has been consolidated in Declaration C:
Bid price, excluding VAT (y)  
Imported content (x), as calculated in terms of SATS 1286:2011  
Stipulated minimum threshold for local content (paragraph 3 above)  
Local content %, as calculated in terms of SATS 1286:2011

If the bid is for more than one product, the local content percentages for each product contained in Declaration C shall be used instead of the table above.

The local content percentages for each product has been calculated using the formula given in clause 3 of SATS 1286:2011, the rates of exchange indicated in paragraph 3.1 above and the information contained in Declaration D and E.

(d) I accept that the Procurement Authority / Institution has the right to request that the local content be verified in terms of the requirements of SATS 1286:2011.

(e) I understand that the awarding of the bid is dependent on the accuracy of the information furnished in this application. I also understand that the submission of incorrect data, or data that are not verifiable as described in SATS 1286:2011, may result in the Procurement Authority / Institution imposing any or all of the remedies as provided for in Regulation 14 of the Preferential Procurement Regulations, 2017 promulgated under the Preferential Policy Framework Act (PPPFA), 2000 (Act No. 5 of 2000).
